MEMORANDUM FOR: See Distribution

FROM:
Executive Officer, ICS

25X1

SUBJECT: Briefings for SSCI Staffer John Nelson

1. The SSCI Staffer who reviews the IC Staff program and budget wants to get an in-depth understanding of the ICS structure, functions, accomplishments, problems, and products. While the focus should be on programmatic, please be prepared to discuss budgetary type issues such as numbers, grades, and mix of personnel, travel costs, contracts, etc.

2. I have attached a copy of the proposed schedule. Please contact me immediately if the schedule needs adjustment. I plan to accompany Mr. Nelson to those sessions which will be held in your respective office space--except for the sessions on 27 July and 10 & 17 August--which will be held in 6N02.

3. Attached also is a copy of memorandum from which provides additional details on what Mr. Nelson has been provided and what Mr. Nelson expects.

NOTE FOR: R&E Task Force

FROM: DD/R&E

This note is for your information and action as appropriate.

John Nelson, the SSCI monitor for the ICS, has embarked on a baseline review of the ICS. The ICS leadership had a nice chat with John today about: what he wants to do and where ICS is at the moment.

Attached is a copy of the proposed meeting schedule. I have agreed that John will start with SIGINT Committee on 8 June--if that is not a good idea for some reason, please tell me sooner. When we engage with John, EO/ICS will have on the table: the CBBB for the ICS, the relevant DCID, and most (if not all) of the briefing book created for Judge Webster.

When you meet with John, please bring with you:

- o A comprehensive, well thought-out presentation of what you and your group/entity are doing for a living. This should include:
 - what you do;
 - why;
 - your added value; and
 - problem areas.
- o You should bring with you examples of your major products (you can borrow my wheel-barrow anytime you like).

I intend to attend these meetings myself.

and I emphasized strongly to John that over the summer, as he 25X1 does this review, in addition to talking to leaders of the various ICS entities, John simply has to get out and talk to the people in the Community and in the policy world about the ICS entities. In doing this, John has to get a feel for our critics and our supporters--otherwise, John is going to get a skewed view of what the ICS entities do for a living, etc. John understands this and said he would.

If I can do more to help you, please call.
